

SAMPLE IN-KIND VENDOR DONATION REQUEST LETTER

[DATE]

Dear [VENDOR NAME],

Sudden Unexplained Death in Childhood (SUDC) is a category of death in children between the ages of 1 and 18 that remains unexplained after a thorough investigation. Most often, a seemingly healthy child goes to sleep and never wakes up. At this time, we do not know what causes SUDC, how to predict it or how to prevent it.

Hundreds of families have received services from the SUDC Foundation, the only organization worldwide whose purpose is to raise awareness, fund research and serve those affected by SUDC.

Being part of a community of others who have experienced SUDC helps these families not feel so alone. And the SUDC Foundation provides all services at no cost to the people it serves. While the SUDC Foundation is making progress, much work remains ahead.
