

YOU'VE RECEIVED A RANDOM ACT OF KINDNESS!

The SUDC Foundation is the only organization worldwide whose purpose is to raise awareness, fund research, and serve those affected by sudden unexplained death in childhood. **The SUDC Foundation**

provides all services at **no cost** to the people it serves..

SUDC is the fourth leading category of death in children ages one to four. Currently, its causes remain unknown. Continued research and awareness are essential to predict and ultimately prevent these tragic losses.

This random act of kindness you've received is done in memory of:

This child's short life holds great meaning and continues to touch many lives everyday.

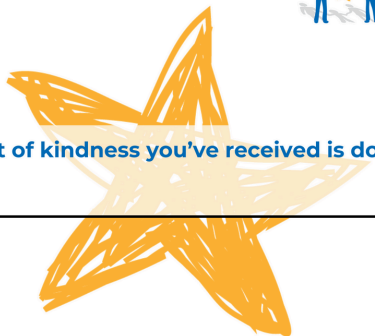

Thank you for keeping their memory shining bright through acts of generosity, love, and kindness.
